Artopia.

Visual Direction Concepts

The basic requirements

Target a mature adult audience.

Feel accessible and inclusive to most.

Reusable without becoming stale.

So what is Artopia? We didn’t have an answer, so we asked AFH.

What comes to your mind when you hear "Artopia"?

I imagine a tunnel taking me into Artopia

It sounds like it wants to be hip and trendy

I think of mystical experience such as a fairy tale

A kids movie titled *Adventures in Artopia*

A place where everything is themed to art

An exhibit that will fuel my curiosity

A world that has no end to imagination

I think about utopian and dystopian worlds

Artopia is a world.

Artopia is a state of mind.

Artopia is endless imagination.

Artopia is an alternative dimension.

Artopia is a world.

Artopia is a state of mind.

Artopia is endless imagination.

Artopia is an alternative dimension.

If Artopia was a world, how would you feel in that world?

It’s very stimulating to a point were time is squared

It needs to attack the senses like I’m drowning in art

It would be a utopia were I can fully express myself

I feel community would be integral

Makes me feel like I can add to it

Its how art makes us feel

Artopia is how art makes us feel

participant freedom

sad community important

curious **Artopia is how art**

emotional **makes us feel** loved

stimulated optimistic expression

overwhelmed

Sooooooo....

Artopia is a portal to another dimension.

The portal invites us to talk about how art makes us feel.

Wow
