identity

hi!

naming pt.1

the goal

not squishy

the goal

be confident in our decision to rename or to not

what’s a name?
what’s the process?
what’s the options?

how

conversation

binary decision

comparing

Define

What’s a name

Process summary

Options

To not rename

To rename

Routes

No rename

Half rename

Full rename

schedule

2 hrs

More than just a label

Associate experience
with names

The right name inspires &
connects with people

the name

Experience
Service

misconceptions

we are constantly naming things, so this should be easy

right?

misconceptions

naming follows a scientific process that is executed in an artful way

meaningful
distinctive
stretchy

long
visual
positive

good name

protectable???

naming taxanomy

evocative
position

suggestive
experience

descriptive
function

real	composite	abstract	acronym

breath

the bin - ary

why not to rename

one

some loss of brand equity

two

its emotional

three

it is fucking complicated

why

to rename

one

misleading association

two

the name can’t stretch!

three

we need to signal a new change

confidence is contagious

Do or do not, there is no try

- Yoda

no

routes

1. No rename
2. Half rename
3. Full rename

let’s decide
